

TRANSFORM 2.0

Transforming agriculture. Strengthening resilience.
Building food-secure communities in Malawi.

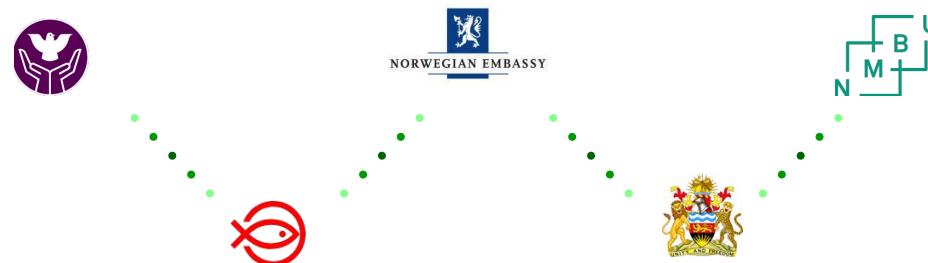

Sustainable Food Systems for
Rural Agriculture Transformation
& Resilience

WHAT IS TRANSFORM 2.0 ?

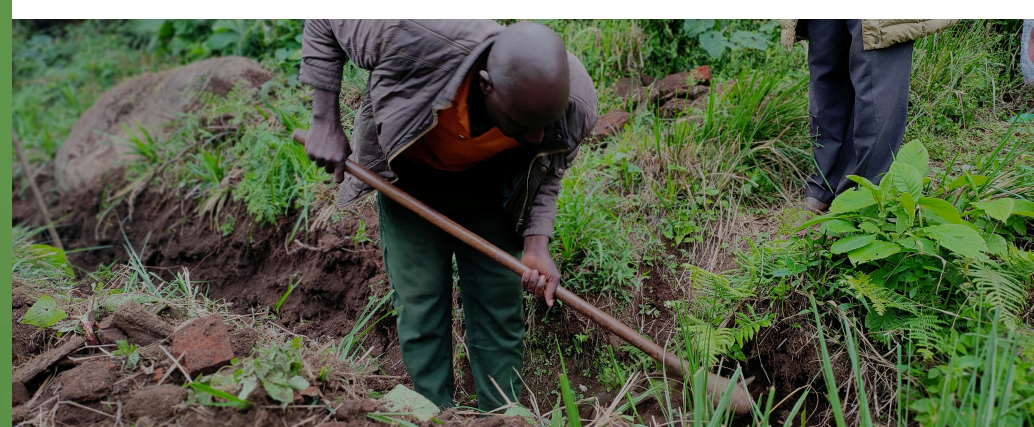

A program improving incomes, food security, nutrition, and climate resilience for rural smallholder farmers in Malawi.

DONOR & PROJECT DURATION

Funded by NCA/DCA Malawi JCP with support from the Royal Norwegian Embassy. Running 2021–2025.

TARGETS

5 districts **150,000** households **50,000** farmers

supported by Find Your Feet in
Mzimba North and Rumphi.

CLIMATE SMART AGRICULTURE & NUTRITION

12% increase
in Adoption of organic farming

1,113 farmers
practicing irrigation, expanding land by 54 ha;

508 farmers
produced 7,200+ kg of beans, soy, & groundnuts through seed multiplication.

13,097 households
using energy efficient stoves,
reducing deforestation.

5,417 households
with backyard gardens leading to year-round fresh vegetables, improved diets.

407 learners
benefitting in 9 schools through provision of nutritious meals

GROWING FOOD, GROWING RESILIENCE

ENTREPRENEURSHIP & MARKET ACCESS

5,000+ households
linked to markets, selling 4.5 tonnes of maize worth MWK 3.6M.

523 VSL groups
trained, enhancing savings and investment.

27 contracts signed
with off-takers leading to fair prices secured. Farmer groups now produce peanut butter, cooking oil, porridge flour, bakery products, chillies.

MWK 11.48M sales
made from selling maize

FARMING AS A BUSINESS

WATER, SANITATION & HYGIENE

126 boreholes
rehabilitated, reaching 40,950 people

39,000 households
received chlorine resulting in 195,000 people protected from cholera cases

85 eco-san latrines
built by entrepreneurs, generating MWK 3.6M and improving sanitation

CLEAN WATER, HEALTHY FAMILIES
